

# O'Day Day Sailer 1 For Sale - \$2200.00

1986 O'Day Day Sailer in good condition – this boat was made by Precision Boat Works

Rigged for easy single handing, racing or cruising, this is a great family boat.

Includes Doyle main and jib sails in good condition, plus the original sails (main has reef points for reducing sail area in heavier wind).

The standard Precision tabernacle enables easy one-person stepping of the mast.

Standing rigging is 1/8" stainless with pin adjusters for quick setup.

The Precision centerboard and rudder have nice foil shapes and kick up upon impact.

Includes a Highlander trailer with new bearings, wheels and tires plus LED lights.

DS-13030 has taken me on many adventures in Michigan, Wisconsin, Minnesota, South Dakota and Colorado and she's ready to take you and your family and friends on more adventures in the future. She makes a fine sail-camping boat as well as a competitive racer and comfortable day sailer.
